Debenham Branch Royal British Legion Annual Report to Parish

The Royal British Legion continue to raise funds with the collection boxes situated in local businesses and we thank them for allowing us to do this.

Some more of the funds raised from the collection boxes have again been used to update the free booklet that gives some details about the Debenham war heroes named on the memorial and their lives within the village community.

This year we purchased a reusable environmentally friendly wreath for using at the remembrance services.

More recently we held a lovely VE80 day celebration in conjunction with St Mary's church. We had singing and performances by the local schoolchildren in the church followed by music and refreshments in Dove Cottage. The event was funded by the RBL and people gave very generously on the day.

We look forward to another successful year in the village.
