

Debenham History Society

Our programme of talks covered a broad range of topics from Cryptic Crosswords to the military history of Orford Ness, and we continue to have a steady attendance. A recent talk on Framlingham Castle attracting an all-time record of 54 attendees.

An outing to the Ipswich Transport Museum was enjoyed by a small group of us in August 2025.

The Debenham Archive continues to expand its content, and we are grateful to all those people who have kindly donated items to us, these include donations from the retired secretary of the Neil Innes fan club, digital copies of the Debenham Parish Magazine and Together from Tony Hutt, Steve Robbins and Jan Rutherford. David List has provided further interesting items relating to the List family business in Debenham, and we hope to add these to the Debenham Collection held at The Hold. All these and more are available for viewing in the online Debenham Archive.

Our meetings are open to all, with no membership required and are held in the United Reform Church, which is a fully accessible venue.

Sonia Godart-Brown
Chair, Debenham History Society
