 - a. The first Open Floor Hearing on the Norwich to Tilbury pylon scheme has taken place. Suffolk County Council opposes the current proposal, citing unresolved objections, insufficient information, and concerns about environmental damage, impacts on national landscapes, and residents' wellbeing. A joint study by Suffolk, Norfolk, and Essex County Councils suggests that delaying the project by five years could make an offshore alternative similarly cost-effective.

- b. Suffolk County Council is launching a trial to remove vehicles that obstruct scheduled road resurfacing works after repeated issues despite advance warnings. Owners will receive a £70 fine (reduced to £35 if paid within 14 days) and may need to collect their vehicle from a secure compound if it cannot be relocated nearby.
- c. Following the recent resignation of the Chief Executive, two existing directors will jointly fill the post for the next 18-24 months.
