Additional inscription	£107.00

Since use of the south side of the Cemetery began, the practice of 'double depth' graves for family members has been adopted with the intention of conserving space.

No kerbs are permitted due to difficulty/obstruction in cutting grass.

All grave plots shall be kept flat and level with the adjoining ground. Mounds and gardens on grave plots shall not be permitted. A small number of spring bulbs is allowed.

The planting of shrubs, trees or plants is not permitted, and the owners of a grave plot will be requested to remove any items not permitted. The removal of such items may also be carried out by the Council.

All applications for Burials / Interments and Monuments are to be made to the Parish Clerk.

Please include dimensions and diagram for Monument applications.
